

May 2018

I have been working with Mrs. Kraft since I was in Kindergarten. I am now in Second Grade. She has changed my life for the better. Whenever there are problems with friends she and I talk ~~and~~ she teaches me how to handle things that come up. She does it in a fun way. When I am nervous she helps me with breathing and these funny stretches I also do them at home. I love Mrs. Kraft and I'm grateful for all she has taught me. and she will be great with children where ever she goes.

LOVE
