February 2, 1996

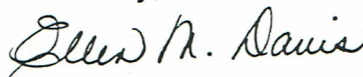

Dear Mr. Kamish,

I am writing this letter of commendation to be placed in the personnel file of Mrs. Sara Kraft, Grandview social worker. Mrs. Kraft recently presented the Parent Plus program to approximately 13 Grandview parents. This program, which was offered to all Grandview parents, provides excellent information for parents about family stress, ways to cope with difficult situations, conflict resolution and many other pertinent parenting issues.

Mrs. Kraft volunteered to provide this service to our parents, and in doing so was willing to give up several evenings of her own time to share her professional expertise. Mrs. Kraft presented this series of workshops last year as well. The evaluations completed by the participating parents emphasized the warmth, enthusiasm and knowledge displayed by Mrs. Kraft during these workshops and her willingness to assist in the difficult and often confusing job of parenting.

Mrs. Kraft is a professional of the highest caliber and it is a pleasure to work with her on a daily basis. She is a caring, sensitive and extremely hard working person who always places the needs of our children first and foremost in her priorities. I am pleased to be able to acknowledge such exemplary service to the Clarenceville School District and especially to Grandview Elementary School. We are indeed fortunate to have Mrs. Kraft as a member of our staff!

Sincerely,

Ellen M. Davis

Principal
